壹、前言 Foreword

一、歷史沿革 History & Development

臺北基督學院（以下簡稱本校）之前身「基督書院」於民國 48 年由美國宣教士賈嘉美博士 (Dr. James R. Graham III) 所創立。賈博士的雙親 (Jimmy and Sophie Graham) 在中國宣教，因此賈博士從小在中國長大，並於美國漢普敦-斯德尼學院 (Hampden-Sydney College) 畢業後，即受感召回到中國宣教。中日戰爭與國共內戰後，賈博士在葛理翰牧師 (Rev. Billy Graham) 的鼓勵下，於民國 39 年來臺灣，展開他在臺灣的宣教事工，並於民國 46 年向英商怡和公司購得淡水校地，命名為「基督書院 Christ's College」。之後於民國 48 年 9 月以「Free China Christian College Association」在美國加州登記有案，並於同年秋季招生授課，成為臺灣首創之全體學生住校之基督教博雅教育學院。後來在民國 88 年加入「美國基督教大學校院理事會 Council for Christian Colleges and Universities (CCCU)」；接著在民國 95 年成為「臺灣基督教大學聯盟」The Alliance of Christian Colleges and Universities in Taiwan (TaiCUCA) 創始會員之一，並於民國 97 年成為「國際基督教高等教育推廣協會」International Association for the Promotion of Christian Higher Education (IAPCHE) 會員之一。

基督書院於民國 100 年 11 月獲美國教育部 (United States Department of Education)、高等教育認證委員會 (The Council for Higher Education Accreditation, CHEA)、及高等教育品質保證國際網絡 (The International Network for Quality Assurance Agencies in Higher Education, INQAAHE) 等三大國際組織所認可之「美國國際基督教大學院校協會 (Transnational Association of Christian Colleges and Schools, TRACS)」的認可資格；接著又於民國 101 年 5 月獲教育部核准按「宗教研修學院設立辦法」正式立案，並改名為「臺北基督學院」，成為全臺灣第一所教育部立案的基督教博雅教育學府，且於民國 105 年起分別通過第二週期校務評鑑、系所評鑑、及通識教育評鑑。聶坤廷博士被董事會任命為首任與第二任臺北基督學院校長；吳呈祥博士為第三任校長；民國 111 年 2 月，吳忠宏博士接任第四任校長；112 年 7 月由車龍淵博士接任代理校長；113 年 2 月由林文昌博士接任代理校長，114 年 2 月，王正慧博士接任第五任校長。

Christ's College Taipei (hereinafter referred to as CCT), originally established as Christ's College in 1959 by Dr. James R. Graham III, an American missionary. Dr. Graham grew up in China, as his parents, Jimmy and Sophie Graham, were missionaries there. After graduating from Hampden-Sydney College in the United States, he felt called to return to China. Following the Sino-Japanese War and the Communist Civil War, Dr. Graham, encouraged by Rev. Billy Graham, arrived in Taiwan in 1950 to begin his mission work. In 1957, he acquired the Tamsui school site from the British company Jardine Matheson & Co and named it "Christ's College". In September 1959, he registered the Free China Christian College Association in California, USA. That fall, the college welcomed its first students and began classes, becoming the first Christian liberal arts college in Taiwan to require on-campus residency for all students. Later, in 1999, the college joined the Council for Christian Colleges and Universities (CCCU), and in 2006, it became a member of the Alliance of Christian Colleges and Universities in Taiwan (TaiCU). In 2008, it also became a founding member of the International Association for the Promotion of Christian Higher Education (IAPCHE).

In November 2011, Christ's College received accreditation from the Transnational Association of Christian Colleges and Schools (TRACS), which is accredited by three major international organizations: the United States Department of Education, the Council for Higher Education Accreditation (CHEA), and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE). In May 2012, the Ministry of Education accredited the establishment of the religious training college and renamed it "Christ's College Taipei," making it the first Christian liberal arts institution in Taiwan to be registered by the Ministry of Education. Since 2016, the college has been accredited by the Ministry of

Education as the first Christian liberal arts institution in Taiwan and has successfully passed the second cycle of school affairs evaluation, departmental evaluation, and liberal studies evaluation. Dr. Quentin Nantz was appointed by the Board of Trustees as the first and second president of Christ's College Taipei; Dr. Benjamin Wu served as the third president; Dr. Homer C. Wu served as the fourth president in February 2022; the position of interim president was later assumed by Dr. Joseph Che in July 2023, and Dr. Lin Wen-Chang is serving as the interim president from September 2024; Currently, Dr. Prof. Cheng Hui Wang became the fifth president in February 2025.

二、現況描述 Description of current situation

本校座落於關渡地區，臨關渡大橋，校地面積 37,503 平方公尺，校舍樓地板面積 17,442 平方公尺，總床位數為 1,070 床。依教育部之規範，「宗教研修學院設立辦法」立案之學校為一校一系，臺北基督學院僅有一個學系，即基督教博雅學系，101 學年度設立時，核定的招生名額為每一屆 45 位，至 113 學年度核定名額僅 23 位，基督教博雅學系設有三個主修：英文、音樂、傳播，並從 110 學年度起為熟齡學生提供跨主修的選擇。截至 113 學年度第二學期，全校學生總數為 79 人(含 MOE、MOI、推廣)，全校共有專任教師 8 位、宣教士教師 4 位、義工教師 1 位、職員 29 人(含警衛、庶務同仁、餐廳廚工)，共計 121 人。為有效提升行政效能並運用有限人力，車龍淵代理校長延用 112 年學年組織規程，詳如下圖 1。

本校雖以宗教研修學院設立辦法立案，卻非訓練神職人員之神學院，主要之辦學理念乃延續基督書院創辦人賈嘉美博士的願景—建立一所基督教博雅教育的學府，以聖經為基礎來教育年輕學子，透過基督信仰的教導，致力於全方位的全人教育，每項課程都著重信仰、理論與實務的整合，栽培品學兼優的學生。在實際生活層面更要求全體同學住校，以操練生活及人際互動關係；參加信仰培育活動，將信仰實踐於日常生活中；修習宗教課程，以學習並建立起整全的信仰觀及世界觀，更培育學生效法基督做主門徒，在各方面做好榜樣。上述這些規範與訓練正是年輕人品格養成的關鍵重點。

簡言之，臺北基督學院創校的宗旨是以聖經為基礎，輔以基督教博雅教育理念，來培育學生使其具備專業能力來服務社會、教會、機構或組織。

The school is located in the Guandu area, near the Guandu Bridge, with a campus area of 37,503 square meters, a school building floor area of 17,442 square meters, and a total bed capacity of 1,070 beds. In accordance with the regulations of the Ministry of Education, schools established under the "Guidelines for the Establishment of Religious Training Colleges" are permitted to operate as single-department institutions. Christ's College Taipei has only one department: the Department of Christian Liberal Arts. When it was established in the 2012 academic year, the approved enrollment quota was 45 students per cohort. By the 2024-2025 academic year, the approved quota had been reduced to just 23 students. The Department of Christian Liberal Arts offers three majors: English, Music, and Communication. Starting from the 2021-2022 academic year, cross-major option has been made available for adult learners. As of the second semester of the 2024-2025 academic year, the total student body comprised 79 students (including the Ministry of Education bachelor's program, the religious training program, and the extension education program). The institution has a total of 8 full-time faculty members, 4 missionary teachers, 1 volunteer teacher, and 29 staff members (including security personnel, general affairs staff, and cafeteria kitchen workers), amounting to 121 personnel. To enhance administrative efficiency and optimize the use of limited human resources, Interim President Joseph Che has continued to implement the organizational structure guidelines established in the 2023-2024 academic year. Details are shown in Figure 1.

Although the school is incorporated as a religious training institute, it is not a seminary for the training of clergy. The main philosophy of the school is to continue the vision of the founder of Christ's College, Dr. James R. Graham III, to establish a Christian liberal arts education institution, to educate young students on the basis of the Bible, and to strive for a holistic education through the teaching of the Christian faith. Each program focuses on the integration of faith, theory, and practice, cultivating students of excellent character and learning. In the practical aspect of life, all students are required to live on campus to practice life and interpersonal relationships; to participate in faith formation activities to put their faith into practice in their daily lives; to take religious courses to learn and develop a holistic view of faith and worldview; and to be disciples of Christ and good role models in all aspects. These are the key elements of character formation for young people.

In short, the founding mission of Christ's College Taipei is to prepare students to serve society, the church, institutions, or organizations professionally, based on the Bible and complemented by the Christian liberal arts education philosophy.

本校校地面積 37,5029 平方公尺，校舍樓地板面積 17,442 平方公尺，宿舍總床位數為 1,070 床，教學空間以及各樣教學設施與設備充足，詳如表 2。各項資源投入與配置均納入學校年度預算經費，其規劃與分配乃根據「校務發展策略計劃書」(Strategic Plan)而來，由策略計劃會議成員包括：行政主管、教師和校外專家學者共同制定，策略計劃之期程為五年，每年滾動式調整，策略計劃書內容包括策略目標、行動計畫、計畫時程、負責人員、及完成計畫所需之預算。

策略計劃每年由學校各處室提出行動計畫與預算，經預算審查會議報請校長核定後實施，再由各處室提出實施後之成效評估，並於每年兩次的董事會中由校長提出執行報告，部門年度計劃乃是依照學校各部門需求之優先順序來排列計劃內容。策略計劃書之目標與行動計畫均於每年 5 月經由董事會審查通過後，交付各部門執行，計畫之執行成果則於下一次董事會中回覆。

The campus of the school covers an area of 37,502.9 square meters, with a total building floor area of 17,442 square meters. The dormitories have a total capacity of 1,070 beds. Teaching spaces and various teaching facilities and equipment are sufficient, as detailed in Table 2.

All resource investments and allocations are included in the school's annual budget, planned and distributed based on the "Strategic Plan for Institutional Development." This strategic plan is developed by a planning committee composed of administrative supervisors, faculty members, and external experts and scholars. The strategy plan spans five years and undergoes rolling adjustments annually. The plan includes strategic objectives, action plans, timelines, responsible personnel, and the budget required for each project.

Each year, all departments submit action plans and budgets as part of the strategic planning process. These are reviewed during budget approval meetings and implemented upon approval by the president. Each department then submits an evaluation of the effectiveness after implementation, and the president presents an execution report at the biannual Board of Trustees meetings. Departmental annual plans prioritize content based on the specific needs of each department. The strategic plan's objectives and action plans are reviewed and approved by the Board of Trustees in May each year, after which they are implemented by the respective departments. The results of these implementations are then presented at the next Board of Trustees meeting.

三、SWOT 及內部外部因素分析

SWOT & Internal External Factors Analysis

在立案後，本校歷經多次校內相關會議討論，最近一次於 2024 年 8 月，根據互動關係人問卷結果，進而提出優勢、劣勢、機會、威脅(SWOT)的分析、探究與修正，最後歸納自我定位為「強調品格教育並以聖經為基礎的住宿型雙語學府」，透過凝聚師生共識，回應辦學理念，以期成為一所小而美、強調品格、注重雙語、理論與實務並重、信仰與生活融合之跨文化住宿型的基督教博雅教育學府（詳見圖 2；表 3）。

After the accreditation, our school underwent multiple internal discussions, with the most recent meeting held in August 2024. Based on the results of a stakeholder survey, a SWOT (Strengths, Weaknesses, Opportunities, Threats) analysis was conducted, followed by exploration and revisions. Ultimately, the school summarized its self-positioning as "A bilingual boarding institution emphasizing character education and based on the Bible." Through fostering a consensus among faculty and students, the school responded to its educational philosophy, aiming to become a small but beautiful, character-focused, bilingual institution that balances theory and practice, integrates faith with life, and offers cross-cultural Christian liberal arts education (see Figure 2; Table 3).

INTERNAL WEAKNESSES

Internal Weaknesses are deficiencies in resources and capabilities that hinder the college's ability to accomplish its mission. (Examples: Lack of graduate level programs)

WEAKNESSES	OPTIONS FOR MINIMIZING OR OVERCOMING WEAKNESSES
1. 異象目標模糊，影響政策決定。 Vague vision and goals, affecting policy decisions.	推動願景再造工程，透過共識營與策略溝通，凝聚全校對學校未來方向的認同，提升決策一致性與執行力。 Launch a vision renewal initiative through consensus-building workshops and strategic communication, fostering a unified understanding of the institution's future direction and enhancing consistency and execution in decision-making.
2. 校舍老舊，地理環境較為偏遠，生活機能與公共交通設施不如都會區便利。 The campus is old, and the geographical location is somewhat remote. The living conditions and public transportation are not as convenient as in metropolitan areas.	爭取政府與企業補助資源，啟動校舍翻新計畫與智慧校園建設，提升學習與生活環境品質，縮小與都市區域的差距。 Seek governmental and corporate funding to initiate campus renovation and smart campus development projects, thereby improving the quality of learning and living environments and reducing the gap with metropolitan areas.
3. 人力、經費與資源不足，缺乏形象包裝，外界比較不容易了解學校，科系名稱不太容易被大眾認識。 Insufficient manpower, funding, and resources; lack of image branding, making it harder for the public to understand the school. 5. 同工年齡差距大，世代斷層。 Large age gap among staff, resulting in a generational divide.	建立跨世代合作平台與專業發展支持系統，促進世代融合。 Establish intergenerational collaboration platforms and professional development support systems to bridge the age gap among staff.

EXTERNAL OPPORTUNITIES

External opportunities are outside factors or situations that can affect the college in a favorable way. (Example: New funding from a Federal program)

OPPORTUNITIES	OPTIONS FOR TAKING ADVANTAGE OF OPPORTUNITIES
<p>1. 強調基督教學校結合專業與信仰。博雅通識教育是機會，人文社會文化科技都包裝在博雅通識教育的核心。Emphasize the integration of professionalism and faith in Christian education. EXTERNAL THREATS

External threats are outside factors or situations that can affect the college in a negative way. (Example: Loss of Federal funding)

THREATS	OPTIONS FOR MINIMIZING OR OVERCOMING THREATS
1. 少子化和招生日益區域化。Declining birthrate and increasingly regionalized student recruitment.	推動「特色招生」制度，吸引理念契合之學生族群。 Promote a “specialty admission” system to attract students who align with the institution’s values.
2. 過去英語資源稀缺情況改變，以往主打英語的招牌漸失去市場。The scarcity of English resources has changed, and the once strong emphasis on English as a selling point has gradually lost its market.	強調跨文化溝通與服務導向，創造新市場定位，彌補英語優勢式微的落差。 Highlighting intercultural communication and service orientation, creating a new market position to compensate for the decline in English-focused appeal.
3. 兩岸關係，影響陸生入境。 Cross-strait relations affecting the enrollment of mainland Chinese students.	多元化招生來源，不依賴特定地區或族群，擴展國際招生策略。 Diversify student recruitment sources to reduce reliance on specific regions or groups, and expand international recruitment strategies.
4. 國立大學與其他私立大學多，學生選擇多。The large number of national and other private universities provides students with many choices.	強調差異化辦學特色，開發小而精的學習環境優勢以吸引特定市場。 Highlight the institution’s unique characteristics and develop its “small but refined” educational environment to appeal to niche markets.
5. 對宗教排斥的族群，難對學校支持。 Difficulty in gaining support from groups that are opposed to religion.	推動宗教與社會服務結合，藉由公益與教育連結化解偏見。 Promote the integration of religion with social services to counter prejudice through the connection of public good and education.

四、使命、願景與教育目標 Mission, Vision and Educational Objectives

本校創校至今已有 65 年的歷史，承續創辦人賈嘉美博士當初之辦學理念，建立一所基督教博雅教育學府。臺北基督學院的使命為「培養學生成為基督門徒，傳揚福音，並能終身學習」，據此，透過共識營及校務發展相關會議，精簡本校願景為「以福音轉化生命的基督教博雅大學」，使命為「培養學生成為基督門徒傳揚福音並能終身學習」，並依此制定出本校教育目標以及學校發展方向，其架構如下圖 3。

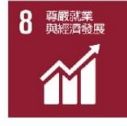

With a history of 65 years, the school continues to build a Christian liberal arts education institution based on the original philosophy of our founder, Dr. James R. Graham III. The mission of Taipei Christ's College is "to train students to be disciples of Christ, to preach the Gospel, and to be lifelong learners". Based on this, through consensus camps and school development-related meetings, the vision of the school is simplified as "a Christian liberal arts university that transforms lives with the gospel." The mission is "to train students to become disciples of Christ, to spread the gospel and to be able to learn for life", and based on this, the school's educational goals and school development direction are formulated. The structure is shown in Figure 3 below.

六、總務處 General Affairs Office

(一)單位簡介 Introduction

本校現有校地面積共3.75公頃，包括租賃國有土地0.45公頃。全校之校舍樓地板總面積23,662.97平方公尺，其中有行政大樓、賈嘉美大樓、天蘭樓、育才樓、禮拜堂、體育館、餐廳、莫麗思樓、路得樓、教職員宿舍、智慧樓等建築物共14棟(含學生宿舍4棟)。

總務處下設事務組，負責全校區之建物維護管理、採購事務、校園安全、水電設備維護、能源管理、職安業務、建物安全、消防安全、宿舍及公共空間管理、汽機車管理、校園環境維護、租約、產險之簽訂、邊坡監測、鑰匙管理、電話系統管理、郵件收發、收支出納、學士袍管理及財產管理等事務。

大學的功能除了具有人才培育的責任外，在對土地及環境的永續經營目標中，也必須能擔負起地區社會責任與模範的責任。如何在有限資源且面對少子化浪潮情況下，有效利用學校現況的特性，活化校園資產達到土地及環境永續使用、提升行政效能，建置智慧校園、節能減碳及善盡大學的社會責任，便成為本校首要的目標。歷經多年的耕耘，本校在校園環境上有很好的成就。在未來，總務處設定的總體目標就是建立一個綠色、智慧、方便及舒適的校園，提供教學、研究及學習所需的優良環境，同時也兼顧各項能源使用上能達成節能減碳的目標，努力使本校成為一個具有安全、舒適、方便而且可以永續經營的優質綠色大學。

The General Affairs Division oversees various administrative and maintenance tasks through its Affairs Section. These responsibilities include the maintenance and management of all campus buildings, procurement affairs, campus safety, maintenance of water and electricity systems, energy management, occupational safety, building safety, fire safety, dormitory and public space management, vehicle and motorcycle management, campus environment upkeep, lease agreements, insurance contracts, slope monitoring, key management, telephone system management, mail handling, financial transactions, academic gown management, and property management.

Beyond its responsibility to cultivate talent, the university also plays a pivotal role in promoting sustainable land and environmental management while fulfilling its social responsibilities to the local community. Faced with limited resources and the challenges of a declining birthrate, it is essential to maximize the efficient use of campus assets. The university aims to enhance administrative efficiency, activate campus assets to support sustainable land and environmental usage, and implement smart campus systems to achieve energy savings, carbon reduction, and broader social accountability. After years of dedicated efforts, the university has made significant progress in improving the campus environment. Looking ahead, the overarching goal of the General Affairs Office is to establish a green, smart, convenient, and comfortable campus. This includes providing an excellent environment for teaching, research, and learning while achieving energy-saving and carbon-reduction targets. The ultimate aim is to transform the university into a safe, comfortable, and sustainable green institution.

(二)重點方向與未來5年發展目標

Development goals and directions for the next 5 years

1.計畫目標與時程規劃Goals and schedule

為了使本校成為具有安全舒適方便，而且可以永續經營的優質綠色大學，營造更舒適教學、學習環境，總務處擬定各項計畫，朝建構綠色、智慧、安全與舒適的校園，並服務師生之目標努力，讓更多學子於大學期間留下美好記憶。

In order to make a quality green university with safety, comfort, and convenience, and to create a more comfortable teaching and learning environment, the General Affairs Office has developed various plans to build a green, intelligent, safe and comfortable campus and to serve students and faculty, so that more students will have good memories during their college years.

- (1)校區公共設施及建物之設置管理與維護，自建校來最老建築物已有11棟歷經近60年，為維護其正常使用，每年度均需編列經費改善老舊建築物，如漏水、設施老舊故障等。

The 11 oldest buildings have been used about 60 years since the establishment of the university. In order to normal use, funds need to be allocated every year to improve the old buildings, such as water leaks, old facility failures, etc.

- (2)由於校區綠地面積29700平方米佔全體校地37500平方米約79.2%，讓校園擁有很大的個人空間景觀及透水性鋪面，讓排水更加自然快速；又多處建物緊臨邊坡，水土保持也益發顯得更加的重要，故學校也每年做了邊坡及建物監測，讓師生在沒有安全顧慮的環境下學習。

Since the green area of 29,700 square meters accounts for about 79.2% of the total 37,500 square meters, the campus has a large personal space for landscape and permeable pavement, which makes drainage more natural and fast. Since many buildings are adjacent to the slopes, soil and water conservation has become even more important. Therefore, the school also conducts annual slope and building monitoring to provide teachers and students with a learning without safety concerns.

- (3)為製造更友善教學環境及實施無障礙通行空間，過去幾年陸續針對校園內的舊教學建築物增設電梯，改建無障礙廁所，總務處將陸續編列經費建造更優質生活學習環境。

In order to create a more friendly teaching environment and implement a barrier-free space, in the past few years, we have been adding elevators to the old teaching buildings on campus and retrofitting barrier-free toilets. The General Affairs Office will continue to allocate funds to build a better living and learning environment.

- (4)綠美化及塑造生態多樣性環境，建構優質永續的校園為營造更友善的季節美景，持續保護原生物多樣性及生態景觀環境，讓校園成為學生學習環保，愛護大自然及節能的場域。

Greening and shaping the environment to ecological diversity and sustainable campus, we continue to protect the original biodiversity and ecological landscape in order to create a more friendly and beauty landmark, so that the campus becomes a place for students to

learn about environmental protection, love nature and energy conservation.

- (5) 建構優質安全的學習環境，教學設備定期更新維護，各種安全設施的建置(如緊急求助鈴、監視錄影機、消防系統、建物安檢等)及緊急應變教導訓練。

Construct a quality and safe learning environment, regularly update and maintain teaching equipment, build various safety facilities (such as emergency bell, surveillance video recorder, firefighting system, building security, etc.) and teach emergency response training.

- (6) 節能減碳: 能源智慧化管理的建置與應用，包括電能管理系統、校園路燈自動控制系統、冷氣管理系統、以及更新老舊冷氣改為變頻系統...等項目，以落實綠色大學之理念。

Energy saving and carbon reduction: The establishment and application of intelligent energy management, including the electric energy management system, automatic control system for campus street lights, air conditioning management system, and the replacement of old air conditioners with Variable Frequency systems, etc., in order to implement the concept of green university.

- (7) 增加行政效率持續提升出納、薪資資料庫系統管理效能及安全性，強化快速搜尋功能，維持帳務資訊品質，提升服務績效。陸續推動出納管理作業電腦化，並與會計系統結合，建置出納收付款作業系統、薪資管理系統、各項稅款扣繳作業系統及零用金管理作業系統，期能提升配套廠商的軟硬體資訊功能，加速客製化創新腳程，以簡化流程，優化行政效率。

Continuously increase administrative efficiency: enhance the management efficiency and security of the cashier and payroll database system, strengthen the quick search function, maintain the quality of billing information, and improve service performance. We will continue to promote the computerization of cashier management operations and integrating with accounting systems to build cashier payment and collection operation systems, salary management systems, various tax withholding operation systems, and petty cash management operation systems, in order to improve the software and hardware of supporting manufacturers. Information functions accelerate customized innovation steps to simplify process and optimize administrative efficiency.

- (8) 校園活化再利用

Campus adaptive reuse

借教會舉辦營會活動，增加與社福團體及基督教機構間之連結深耕台灣，並穩定財源收入及多元招生管道

By renting facilities to church groups to hold camp activities, we deepen our ties with social welfare groups and Christian organizations, actively develop the Taiwan market, stabilize our financial income, and expand diversified recruitment channels.

2. 發展策略與執行方式

Development Strategy and Implementation

- (1) 節能減碳重要措施: 建置學生宿舍冷氣刷卡系統及善用政府補助建置節能減碳電燈、水龍頭等系統。

Important energy-saving and carbon-reducing measures: build an air-conditioning card system for student dormitories and make good use of government subsidies to build energy-saving and carbon-reducing electric lighting and water faucet systems.

- (2) 進行環境樹木的整修，去除不必要的雜樹，讓陽光及風能夠穿透校園，以增加視野空闊及空氣流動的舒適感，並減低潮濕。

Prune environmental trees and remove unnecessary trees to allow sunlight and wind to better penetrate the campus, enhance the sense of openness of the field of vision, and the comfort of air circulation, while reducing humidity.

- (3) 利用現有蓄水池改成景觀池創造多元互動的校園學習環境

Using the existing water reservoir to create a landscape pool to create a diverse and interactive campus learning environment.

- (4) 強化落葉堆肥再利用，校園樹木繁多，多數為無用雜樹且過於密集，造成樹木不健康容易得病，過去幾年褐根病猖獗，致使要花費金錢來防治。由於樹木及植栽數量龐大，必須有計畫地將定期修剪之樹木枝條與平日清掃之落葉分開儲放，總務處將規劃修剪並設立戶外落葉收集並將枝條粉碎堆肥，美化環境並作為校內土壤改善之用。

Strengthen the reuse of fallen leaf compost. There are many trees on campus, most of which are useless and too dense, making the trees unhealthy and prone to disease. In the past few years, brown root disease has been rampant, resulting in costly prevention and control. Due to the large number of trees and plants, it is necessary to plan to separate the regularly pruned tree branches from the daily cleaned fallen leaves. The General Affairs Office will plan the pruning and set up outdoor fallen leaf collection and crush the branches into compost to beautify the environment and use it as soil on campus. For improvement.

- (5) 校園活化再利用，平衡校區發展擬研究設置校友會館、混齡招生、育成中心、托兒所、場地外借營會及教會等，作為增加學校收入之用。

十三、基督教博雅學系 Christian Liberal Arts Department

(一)單位簡介 Introduction

基督教博雅學系成立於 2012 年臺北基督學院於教育部立案之際。創始人賈嘉美博士從 Hampton Sydney College 一所博雅學院畢業，並任教於另一所知名博雅學院 Wheaton College，當賈嘉美博士於 1959 年創立美國基督教効力會基督書院時，即有意將之設立為一博雅學院。自臺北基督學院以宗教學校之名義立案開始，許多人以為這是一所神學院或學生們在本校要習得一神學學位，事實並非如此。基督教博雅學系的主要目標是提供學生更多的通識課程，並協助其發展在智慧與知識方面的深度與廣度，例如溝通能力、思辨能力、如何與他人同工以及有創意的解決問題等，課程目標是預備學生們進入社會以及繼續深造。本校基督教博雅課程設計就如同一棵大樹一樣，核心課程就好是強壯樹幹，另外提供三個專業主修：音樂、英文與傳播主修，就如同樹枝般向上延伸，讓學生們於畢業時獲得基督教學士學位。

基督教博雅學系不僅傳遞知識給學生，也教導他們如何將從神而來的智慧應用在他們的生活上，並磨練出一獨特的品格，這不僅是老師的教學目標，更是全體 願為此目標付出的基督教教職員們一致努力的方向。在這一不個不大的學系裡，我們歡迎、關心並以符合聖經原則的方式培育每一位來到這裡的學生。

The Department of Christian Liberal Arts was established in 2012 when Christ's College was registered with the Ministry of Education as Taipei Christ's College. As a graduate of Hampton Sydney College, a liberal arts college in the USA and also having taught at Wheaton College, a well known Christian liberal arts college in the USA, it was Dr. James Graham's intention to establish a Christian Liberal Arts College when he founded Christ's College in 1959. Since Christ's College is registered as a religious college, some people assume it is a seminary or that students at Christ's College are perusing a theology or religion degree. As a matter of fact, this is not the case. The courses in the Christian Liberal Arts Department are aimed at imparting broad general knowledge and developing general intellectual capacities, like the ability to communicate, to think critically, to cooperate with other people, and to find creative solutions to problems. The courses are designed to help students acquire the knowledge and skills needed to work in the marketplace or to go on to graduate study. The Christian liberal arts curriculum at Christ's College is like a tree – the broad trunk of the tree is the Christian liberal arts core and the branches of the tree are professional majors in Music, English and Communication that will lead to a Christian Bachelor of Arts Degree.

The Christian Liberal Arts Department focuses not only on helping students to advance in their knowledge, but also in helping them attain godly wisdom to apply knowledge and to develop their lives and characters. To help with this development all the faculty and staff in the department are committed Christians who integrate their Christian faith with the subjects that they teach. Although the Christian Liberal Arts Department seeks to enroll as many Christian students as possible, other students are welcomed and encouraged to apply. These students are welcomed into a small but

caring Christian department where they will be nurtured with a variety of Bible courses and other courses that are taught from a Biblical perspective.
